

FISCAL YEAR 2019 TOURISM DEVELOPMENT BOARD ANNUAL REPORT

PUBLISHED BY THE MARYLAND TOURISM DEVELOPMENT BOARD
AND THE MARYLAND DEPARTMENT OF COMMERCE

Governor's Message

DEAR FRIENDS:

One of the most important jobs I have as governor of this great state is spreading the message that Maryland is an outstanding place to live, work and visit. Each year, we welcome nearly 42 million visitors to enjoy our famous seafood, tour our vibrant cities and towns and spend time on our beaches, mountains and beautiful waterways.

In addition to tourism's critical role in our culture and quality of life, it is also a significant economic driver for our state. We have been hard at work creating a more positive business environment in which our tourism industry can thrive, and in 2018, visitors to our state spent more than \$18 billion. This spending helps generate more than \$2.5 billion in tax revenue for both state and local governments, saving each Marylander \$1,140 in taxes. This growing industry also employs more than 150,000 people.

In addition to these economic benefits, tourism enables us to share our state's rich history and culture with the world. For example, Maryland is celebrated as the strongest

Underground Railroad storytelling destination in the nation, and I was proud to proclaim this September International Underground Railroad Month. As we welcome more and more visitors to our great state, we can highlight the stories of incredible Marylanders throughout our history as well as the stories of Marylanders who continue to make history every day.

I want to thank all of our tourism professionals from around the state as well as our Maryland Tourism Development Board for all of their hard work and dedication. By working together, we can ensure that Maryland is truly open for business.

Sincerely,

LARRY HOGAN
Governor

Director's Message

DEAR TOURISM INDUSTRY PARTNERS:

Each year the Maryland Office of Tourism, a Division of the Maryland Department of Commerce, in conjunction with the Maryland Tourism Development Board report on the contributions that the travel and tourism industry made to the state's economy.

This year's Annual Report highlights the economic impact of Maryland's tourism industry from the recently released Economic Impact of Tourism in Maryland - Calendar Year 2018 Tourism Satellite Account report from Tourism Economics, a leading tourism industry research firm. They reported more than \$18.1 billion in visitor spending and \$2.5 billion in state and local taxes.

Another measurement highlighted in the Annual Report is the direct result of the passage of the Tourism Promotion Act of 2008 and its performance-based formula. Eight key tourism tax codes are tracked, reported and considered in calculating budgets. These FY 2019 Direct Tourism Taxes are also included in this report. The Board is also now mandated to submit a report, in cooperation with the Maryland Association of Destination Marketing Organizations (MDMO), on the effectiveness of mandatory funding and the passage of the Tourism Promotion Act in increasing visitor attendance and visitor spending in Maryland.

Economic Impact and visitation are generally reported by calendar year; all other metrics in the Annual Report are Fiscal Year 2019. While the results of a Tourism Satellite Account are available only on a delayed annual basis, many performance metrics, including the tourism tax codes, are available on a more frequent basis. The Office of Tourism Development distributes a monthly electronic *Tourism Monitor*, which reports trends and key performance metrics on a regular basis.

And so, pursuant to Section 5 of Chapter 471 Acts of 1997 (HB 685), I am pleased to present the Fiscal Year 2019 Tourism Development Board Annual Report. I am proud of the work of the Board and the Office of Tourism Development, and the positive impact that tourism has on our State.

Sincerely,

LIZ FITZSIMMONS
Executive Director
Maryland Tourism Development Board

HIGHLIGHTS FROM FISCAL YEAR 2019

A new branding and advertising campaign to market the state, increased non-paid media exposure and successful digital advertising campaigns were all part of the Office of Tourism's successes in FY19.

'OPEN FOR IT'

The Maryland Office of Tourism unveiled its newest advertising campaign, built around the tagline, "Maryland—Open For It." The campaign's tagline was developed to complement Commerce's "Open for Business" campaign. To accompany the launch, video and still photography were shot around the state at locations including Baltimore City, the Gunpowder River, Baltimore County, Harford County and Assateague. Television spots featuring the state's water-based and culinary experiences were developed to run in target markets including the New York metro area, Philadelphia, Harrisburg, Pittsburgh, Cleveland, Washington, D.C. and Baltimore. Print advertising in national and regional magazines, as well as companion radio, digital and social media campaigns, were also developed as part of the media mix. The "Open For It" campaign was developed by the Tourism Office's agency of record—Columbia, Maryland-based Marriner Marketing Communications.

DIGITAL ADVERTISING

In November 2018, the Maryland Office of Tourism launched "Home for the Holidays," a seven-week digital marketing campaign targeted to encourage visitors coming to Maryland for the holiday season to stay in a hotel rather than on the family couch or crowding into a childhood bedroom. Tourism partnered with the hotel community to develop special holiday overnight packages, which were listed on the VisitMaryland.org website and promoted through a quirky, fun, creative digital campaign. Hotel room bookings were tracked through Adara and TripAdvisor. Combined, for a total expenditure of \$20K, 11,922 room nights were booked, for a total attributable revenue of \$1,538,045. Also, the second annual "Summer of Music" promotion ran from May through September. A varied collection of multi-day music concerts and festivals around the state designed to encourage overnight stays, the "Summer of Music" was marketed through a dedicated digital campaign as well.

PUBLIC RELATIONS OUTREACH

The Communications/PR team took part in hosting several FAM tours with multiple tourism partners, bringing international journalists into Maryland for first-hand experiences around the state. Writers from the U.K. visited Frederick and Allegany counties, writers from Germany toured Wicomico and Worcester counties, writers from France experienced Baltimore and Annapolis and writers from Canada saw Chesapeake City, Havre de Grace, Rock Hall and Annapolis. Television appearances by OTD staff promoting the OC Air Show, various concerts that were part of the "Summer of Music," Maryland's water sports assets, historical sites that were part of the "Open For Time Travelers" promotion, the Crab & Oyster Trail, the Great Chesapeake Bay Loop and state parks. PR staff also accompanied a TV crew from Cleveland on a three-day taping tour of sites and attractions in Calvert County, including North Beach, Chesapeake Beach, Calvert Cliffs State Park and Solomons Island.

NATIONAL FOLK FESTIVAL

Salisbury welcomed the nation as the host city for the National Folk Festival in what was the first year of a three-year run in the Lower Eastern Shore town. The festival brought more than 350 artists to Maryland, ranging from musicians to dancers to craftspeople. The event took over the downtown area for three days with seven stages, a festival marketplace, food vendors and interactive booths. The festival attracted nearly 70,000 attendees, with an economic impact of more than \$18 million in visitor spending.

Office Of Tourism Development Consumer Interactions

One of OTD's key goals is to inspire prospective visitors in specific markets to plan a trip to Maryland. Marketing activities are then developed with the objective of increasing web visits and quality leads from potential visitors. Consumer interactions across four channels—advertising, web activities, public relations and face-to-face customer interactions at Welcome Centers—are measured against this objective..

PRIVATE SECTOR CONSUMER ADVERTISING DELIVERS A 5-TO-1 RETURN

In FY19, the MTDB awarded six Private Sector Consumer Advertising Partnership Program grants and two Open For It cross-cultural marketing grants collectively totaling \$573,673. In turn these eight grants leveraged \$1,051,873 in local match for a direct leverage ratio of \$1:\$1.80.

Annual OTD Marketing Plan Visitor Profile Or Situation Analysis

Maryland welcomed 40.6 million domestic travelers in 2018, a decrease of 2.4 percent according to a national survey of U.S. travelers conducted by D.K. Shifflet and Associates, a leading tourism industry research firm. For Maryland, the leisure segment represents nearly 85 percent of visitors or more than 34 million. Overnight travelers represent nearly 48 percent of the state's total visitation, or more than 19 million. In 2018, both the leisure and the overnight travel segments grew by 1.3 and 2.3 percent respectively. The bulk of Maryland's decline in visitor volume is attributed to a loss of travel from the business segment which at the national level also saw a decline of 0.2 percent.

PRODUCT ANALYSIS AND ACCESS

Maryland offers visitors and residents a range of vacation experiences. In addition, Maryland's mid-Atlantic location and moderate climate offer visitors the best of all four seasons and a host of year-round outdoor activities.

MARYLAND VISITOR ANALYSIS

Historically, women are the travel decision makers—if not the final decision makers. They generally determine which destinations are in the consideration set. Maryland's media buys are targeted to adults 25–64 but with a strong skew toward women; household income (HHI) \$75,000+; well-educated and working in managerial and professional occupations. They have made a trip of more than one day's duration within the United States in the past 12 months, which includes business, vacation, weekend travel and short trips.

The following tables compare the demographics and trip profiles for Maryland day-trippers and overnight travelers.

- Day trip: any journey for business or pleasure, outside your community and not part of your normal routine, that did not include an overnight stay. Day trips involve travel of more than 50 miles from home.
- Overnight trip: any journey for business or pleasure, outside your community and not part of your normal routine, where you spent one or more nights away from home.

Tourism Sales Tax Revenues

OUTPERFORM OVERALL RETAIL SALES TAX COLLECTIONS

The passage of the Tourism Promotion Act of 2008 enacted the potential for enhanced funding appropriations based on the tourism sector's growth year over year. This funding formula provides a quantitative, policy-backed way to report the impact that visitor spending has on sales tax revenue in Maryland. Eight sales tax codes are tracked and multiplied by a tourism factor—the amount deemed attributable to visitor spending—by the Maryland Comptroller. The Board qualifies for additional funding if this tourism tax increment exceeds three percent of the tourism tax revenues from the previous year.

The Bureau of Revenue Estimates reported adjusted tourism expenditures of \$499 million, an increase of 4.0 percent over FY 2018. The total revenues for all categories amounted to more than \$1.3 billion.

Fiscal Year 2019 Direct Tourism Taxes and MTDB Grant Awards

Across the state, county to county, no matter the region, visitor spending makes a significant impact. The following chart details how tourism supported the tax base in Maryland's 23 counties and Baltimore City, broken out by geographic region and the state's MTDB investment in local marketing plans.
